Education

Masters of Education Degree-Mathematics Emphasis, Utah State University, August 2010

Bachelor of Science Degree, Brigham Young University, December 2006

Mathematics Education Major/Mathematics Minor

State of Utah Secondary Education License, December 2006

State of Utah Level 4 Mathematics Endorsement, December 2006

Education Highlights

Graduate Grade Point Average: 4.00

Undergraduate Grade Point Average: 3.65

ETS Award of Excellence on the PRAXIS Mathematics Content Knowledge Exam

National Honors Society member

Experience teaching, developing, and engaging in online curriculum

Research Experience

National Science Foundation Proposal, Utah State University, 2010

- Worked with professors to research and develop internet-based mathematics curriculum and learning activities for an NSF proposal

Teaching Experience

Salt Lake Community College

[Jan 2010-present]

Adjunct Professor

- Instruct college students in Intermediate (Math 1010) and College (Math 1050) Algebra in a variety of classroom settings including online, live lecture, and workshop settings
- Plan lessons, activities and assessments to engage students in meaningful learning of the material
- Assist students in creating online ePortfolios which contain their significant assignments and reflections about those assignments

Utah Virtual Academy

[2011 School Year]

Online High School Teacher

- Instructed high school students in a 100% online setting
- Evaluated curriculum and developed new curriculum, review activities and multiple types of assessments to engage students in material and provide an environment of learning
- Made personal contact with students who were struggling and extended help through online classroom learning sessions.

Copper Hills Youth Center, West Jordan Utah

[Jan 2008-2011]

Math Teacher/Math Department Chair

- Taught courses ranging from Pre Algebra through Pre Calculus
- Applied skills in motivating and managing difficult students who were primarily in the youth center for drug, alcohol, gang and sex offence problems
- Planned constructive curriculum and activities based on the grade level, state core standards, inquiry, NCTM standards, and intended learning outcomes

University of Utah

[Jan 2008-present]

Personal Tutor

- Individually tutor students in Pre-Algebra through Calculus focusing on improving understanding of current and prior mathematical topics
